IV. CAUSE OF ACTION

Briefly state which of your constitutional rights, privileges or immunities have been violated and summarize in one or two sentences what the defendant(s) did to violate your rights in that regard. (You must identify individual defendants by name, but you do not need to make a detailed statement of facts here - you will have a chance to do so in the next section.) If you are claiming that more than one of your constitutional rights was violated, use a separate paragraph for each right, privilege or immunity which was violated.

Lack of evidence showing that the injury I
accrued ~~direct~~ ^{was} ~~unrelated~~ ^{was} ~~for~~ ^{not} ~~lack of evidence~~
and the damage has cause me a great amount
of financial grief and Doctors have proving that
the injury was not of a nature cause.

[illegible]

V. STATEMENT OF FACTS

State here, as briefly as possible, the FACTS of your case. State who, what, when, where and how you feel your constitutional rights were violated. You must name or somehow refer to the people as defendants whom you contend hurt you or caused you harm in someway. Include also the names of other persons involved, dates and places. Use no more than the space provided. The court strongly disapproves of stating claims outside the space. Do not cite any cases or statutes. If you want to include legal arguments or citations, you must do so in a separate memorandum of law. If you intend to allege a number of related claims, number and set forth each separate claim in a separate paragraph.

VI. RELIEF

State briefly exactly what you want the court to do for you. Make no legal arguments. Cite no cases or statutes. **NOTE TO PRISONERS:** If you are a **state** prisoner and seek relief which affects the length or duration of your imprisonment (for example, restoration of good time forfeited, expungement of records, parole-release decision) you **must** file your claim on an appropriate form for actions under 28 U.S.C. § 2254 (application for a writ of Habeas Corpus).

Because i have information proving that the
